PROFILE

With over four years of industry experience and a strong foundation in front-end development, I specialize in React (Next.js) and TypeScript, creating responsive designs with user-friendly UI/UX. I also work with GSAP and Three.js to craft engaging web experiences. I have self-taught and bootcamp experience, and I'm knowledgeable in Node.js and have some experience with MongoDB. I'm versatile, using WordPress and Tailwind CSS for various projects, and I have interests in game design, guitar playing, and staying active. I'm eager to join an innovative team that values user experience.

EMPLOYMENT HISTORY

Part Time - Front-End Developer UI/UX Design at Kakushin, Remote / Cyprus

November 2020 — Present

- Actively contributed to small-scale projects as a part-time front-end developer.
